Task 5.

Doctor: Good afternoon, Marcel. **How are you today?**

Marcel: I **feel ill**. I have a **headache** and a **cough**.

Doctor: And when did it start?

Marcel: It started last night.

Doctor: Do you have any other symptoms?

Marcel: I also **have a fever**.

Doctor: OK. I will examine you now. It looks like you **have the flu**.

I will prescribe you **syrup and tablets**.

Marcel: How often do I take them?

Doctor: Take them three times a day for five days and drink lots of water.

You should **feel better soon**.

Marcel: Thank you.
